Requirements for using online examination system.

- A **laptop or desktop** or any smart phone **with web cam**. (For better user experience using desktop or laptop is advised)
- A good and continuous **internet** network connection. (Avoid using mobile hotspots)
- Any Operating System i.e. Windows, Linux, Apple MacOS with browser **Google Chrome**. (OES access your webcam or mobile camera to monitor examination
- Permissions to access Camera in browser. You can find how to enable camera in google chrome in next sections of this document.

How to register for examination.

1. Open google chrome browser on your device and make sure you have good internet network connection.
2. Open website <https://www.agrioes.in> on your mobile or desktop or laptop. You will see page below.
NOTE : You should access **HTTPS** not HTTP website

3. Click on “Register for Examination”
4. On registration page you will be asked for “Email Id”

Register for examination

Enter your Email address

Enter email

Next >>

5. Based on your email id OES will fetch your registration details if already exist in system. If you are registering for the first time then you need to fill all personal details and academic details in the screen below,

IMPORANT NOTES:

- Fill all the details carefully.
- Carefully check email id you are entering because all examination communications will be done on the same email.
- The most important part is examination name. Select the exact name of the examination you want to appear for.
- You can register for more than one examination e.g. backlog courses. Use same email id for registering for multiple examinations.
- Remember your password and don't share your password with anyone.

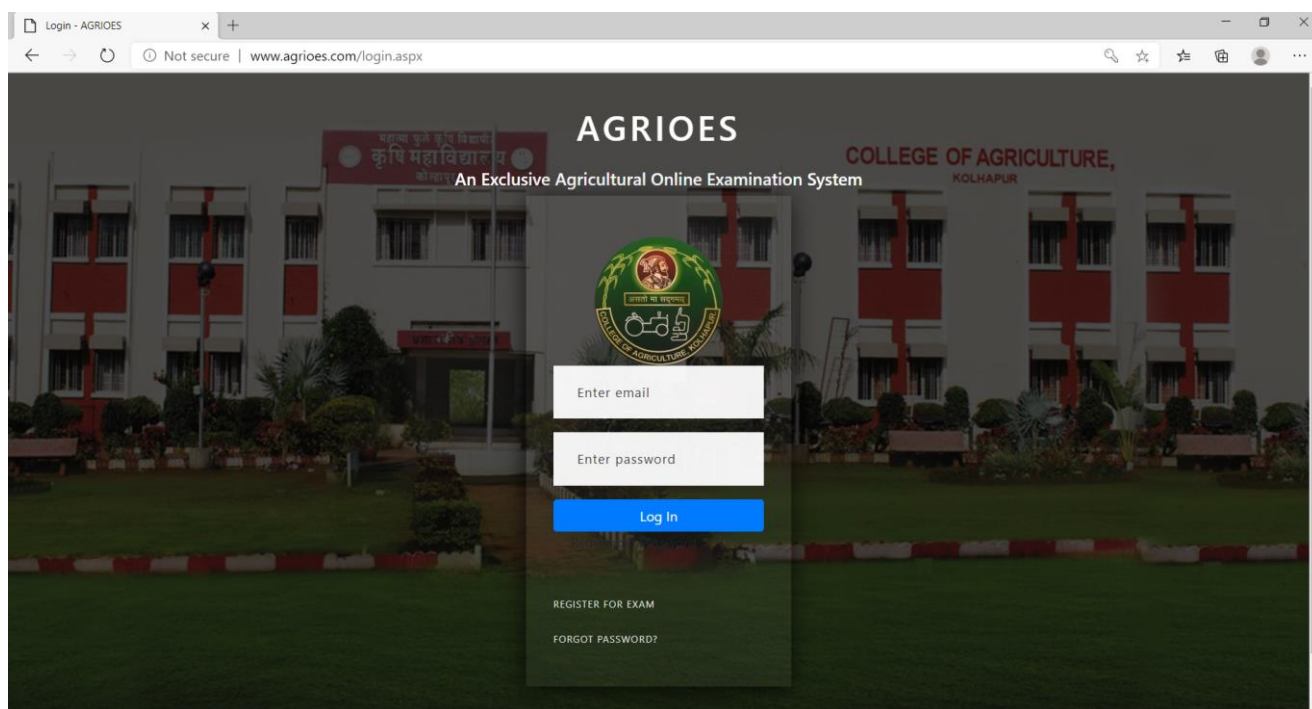

If you have entered correct email id then you will receive an email with the registration details of the examination in your inbox.

How to attempt examination

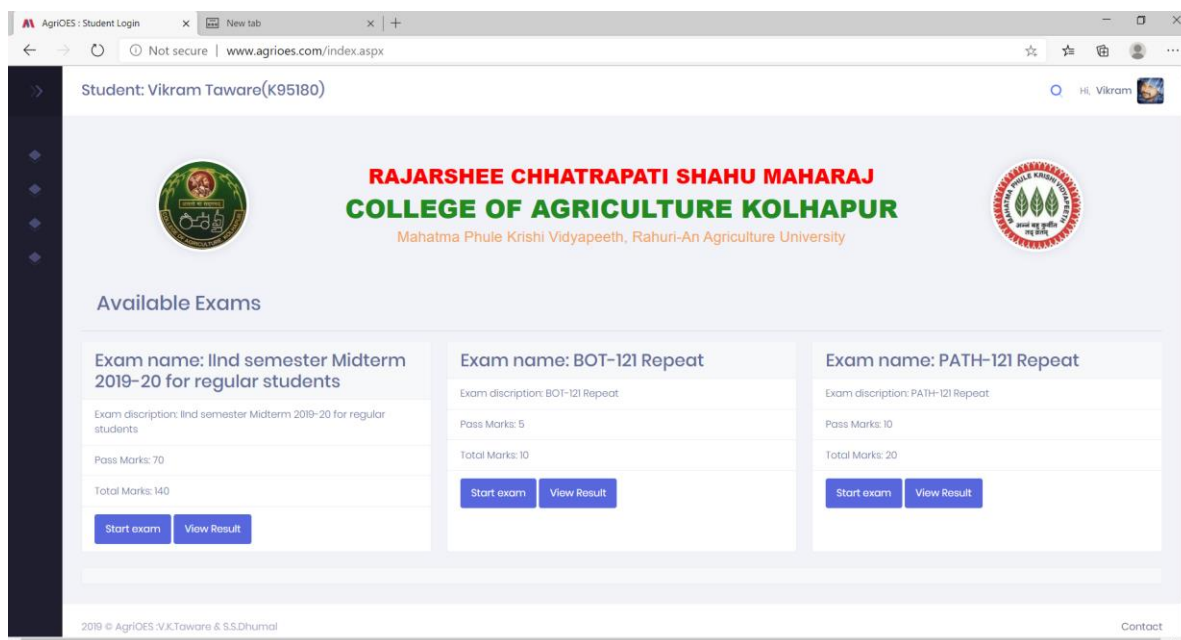

Before you start examination:

AgriOES is conducted in camera monitoring hence make sure your device camera is active and allow access to OES

1. Open google chrome browser on your device and make sure you have good internet network connection.
2. Go to web site <https://www.agrioes.in>

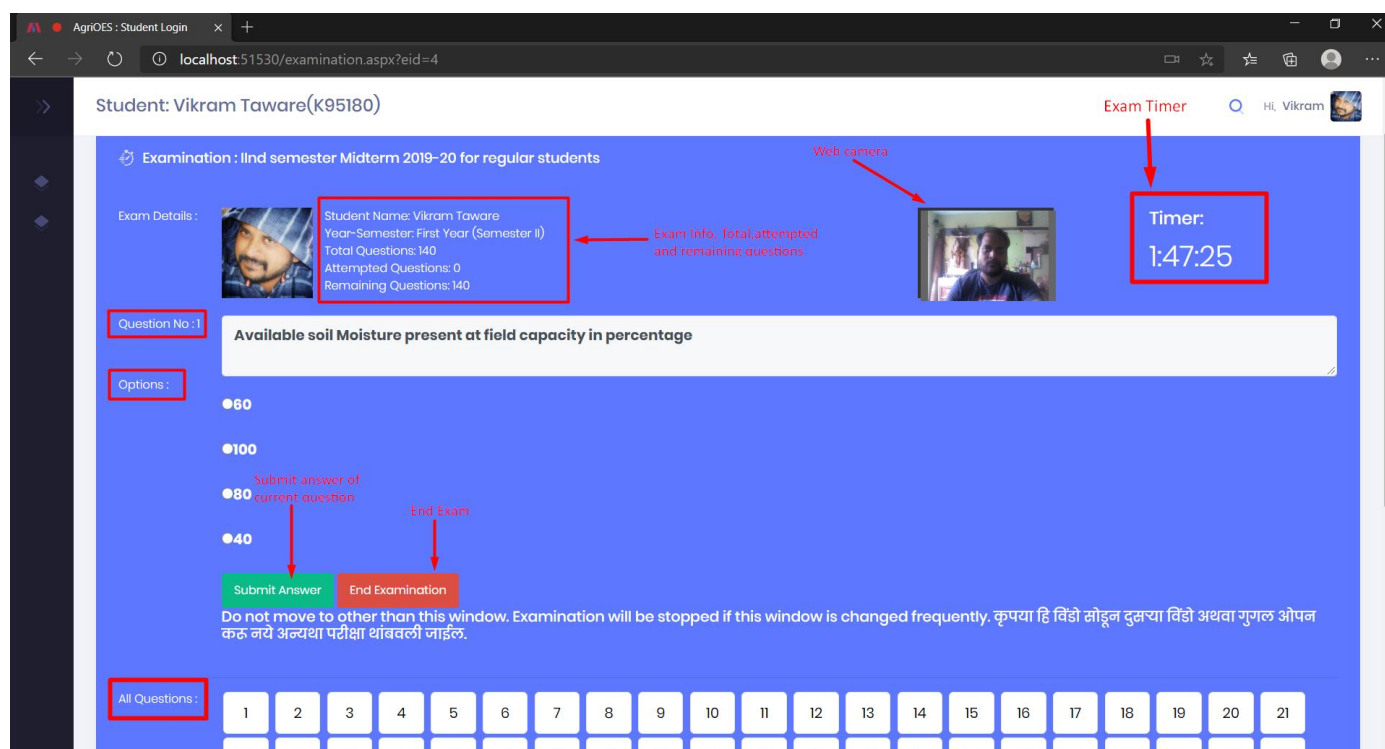

3. Enter your email id and Password registered with AgriOES
4. After successful login you will see a "Dashboard" as shown below.

You can access only registered exams.

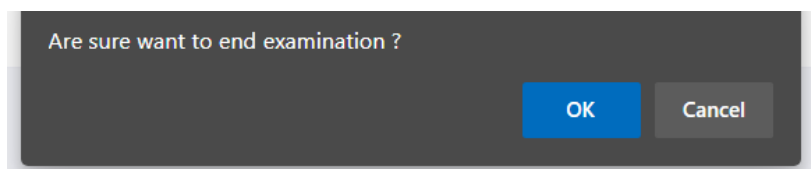

5. Click on “Start Exam” button to start online examination.

Examination Screen Interface

- One question can be attempted only once. Answer once submitted cannot be changed later.
- Student can skip to any question anytime by clicking on the question number button.
- When answer of question is submitted next question will appear automatically.

- Student can “End Examination” anytime during examination. If examination time gets over then examination will end automatically
- Web camera monitoring is turned on when examination is going on, if any suspicious activity is noticed then examination will be stopped automatically.
- Once “End examination” button is clicked OES will ask for confirmation

If student press “Ok” then only exam will end and result will be displayed as below,

Student: Vikram Taware(k95180)

RAJARSHEE CHHATRAPATI SHAHU MAHARAJ
COLLEGE OF AGRICULTURE KOLHAPUR
 Mahatma Phule Krishi Vidyapeeth, Rahuri-An Agriculture University

My Result

Exam Name	Exam Date	Total Question	Total Marks	Your Score
IIInd semester Midterm 2019-20 for regular students	5-25-20	140	140	1

Course wise score:

Setting Up Web Camera for examination

When you start examination, you may get message shown below, asking permission to access camera
 If your browser or mobile asks for permission to access camera click "Allow" and proceed.

Now AgriOES should be able to access web cam and you should be able to view your video on screen.

FAQ : Frequently Asked Questions

1. Which browser is used for AgriOES ?

Google Chrome (Latest Version)

2. What will happen if I get disconnected or power off happens during examination?

You can start examination again and it will resume from the point where it got stopped.

3. What will happen to my solved questions and time lapsed when exam is resume?

When examination resume from where it stopped you do not need to re-attempt already attempted questions. Also, you will get the same time remained when exam stopped.

4. What will happen when I am out of time?

You will not be able to submit/solve remaining questions further. You will see “End Examination” button and you can view result by clicking on “End Examination”.

5. What if I click “End Examination” button accidentally?

Examination will not end just by clicking “End Examination” button. A prompt will appear with a question asking you about confirmation to end examination. If you still click “Ok” then examination will end.

☺ Thank You ☺
